<b>PCC DECISION</b>	<b>REF 2018/013</b>
---------------------	---------------------

**Decision Title: Microsoft licensing for NEP O365 National Design**

**Decision summary:**  
Approve the increase in Microsoft licensing to conform to the National Enabling Programme's O365 national design. The total value of this increase is £860,438

**Background or reference to supporting papers:**  
The National Enabling Programme (NEP) is designed to provide police with the tools and capabilities they need for the future. The NEP will ensure all forces have a secure platform and national standards that enable new ways of working and collaborating. To facilitate the migration to an O365 national design, the NEP has negotiated an MOU with Microsoft with preferential pricing specific to that requirement. In order to take advantage of that pricing, and add the changes the O365 national design necessitates, an amendment is needed during the annual true up of Avon and Somerset Police's Enterprise Subscription Agreement (ESA). Due to timing of when Avon and Somerset Police had to award their ESA, the requirement of the O365 national design were unknown. Whilst the MOU pricing is preferential, the necessary change in licensing increase total costs significantly. The anticipated increase over the remaining two years of the ESA is £860,438.
