PCC DECISION

Decision Title: Victim Services Commissioning Plan

Decision summary:

(what is the decision, brief outline of why taken)

1. To approve the Victim Services Commissioning Plan.

Background or reference to supporting papers:

(refer to published documents – as required by scheme of governance. If the decision is to be publically recorded but supporting documents are NOT to be published please provide explanation)

Over the last six months the OPCC have been working on the process of recommissioning a range of services to support victims of crime and anti-social behaviour that were first commissioned back in 2014/15. To date a needs assessment has been undertaken which informed the development of the Commissioning Intentions. A 12 week period of engagement then took place on these intentions and feedback was received from victims, providers and other stakeholders via a number of mechanisms. This feedback has since been used to inform the development of the Commissioning Plan (attached).

The Commissioning Plan sets out the services that the OPCC will commission and the rationale for this. Annexes to the Plan include the OPCC response to the needs assessment recommendations, feedback from providers and other stakeholders and feedback from victims. Next steps include finalisation of the specifications and the start of the formal procurement period (a detailed timeline is provided in the Commissioning Plan).
