PCC DECISION

REF 2017/016

Decision Title: Award of DS3000 Support Contract

Decision summary:

To award Capita a five year support and maintenance contract for the DS3000

Background or reference to supporting papers:

The DS3000 is Avon and Somerset Police's Integrated Communication Control System that interfaces Communication staff with radio and telephony systems. It will also interface with the new Emergency Services Network when it goes live. Due to intellectual property rights in the system, Capita are the sole supplier capable of supporting it. It is proposed that the support contract for the DS3000 be renewed with Capita for a further five years as a call-off contract via the Kent County Council framework for the provision of Managed Services for Business Solutions. Attached is a redacted 419 report with further details.
