1 Introduction

- 1.1 The Police Reform and Social Responsibility Act 2011 ("the Act") established the corporation sole Police and Crime Commissioner (PCC).
- 1.2 The Scheme of Governance has been prepared in accordance with the requirements of the Home Office Code of Practice on Financial Management, which is made under Section 17 of the Police Reform and Social Responsibility Act 2011 and Section 39A of the Police Act 1996.
- 1.3 The PCC has a number of statutory responsibilities, which they will either discharge directly or via delegated responsibilities as outlined in the Scheme of Delegations ('this Scheme'). This Scheme does not identify all the statutory duties which are contained in specific laws and regulations.
- 1.4 The PCC has wider responsibilities than those solely relating to the Constabulary, and they are referred to in the Financial Regulations.
- 1.5 Both the PCC and the Chief Constable are separate legal entities known as corporations sole.
- 1.6 The PCC must not restrict the operational independence of the Constabulary and the Chief Constable who leads it but the PCC and Chief Constable must work together in ensuring that the PCC is not fettered in fulfilling their statutory role. The concept of operational independence is not defined by statute and as stated by Her Majesty's Inspectorate of Constabulary and Fire & Rescue Services (HMICFRS) is by its nature fluid and context driven.
- 1.7 The Scheme of Governance does not impinge on the common law legal authority of the office of constable, nor the duty of constables to maintain the Queen's peace without fear or favour. The office of constable shall not be open to improper political interference.
- 1.8 The primary purpose of the Scheme of Governance is to:-
 - Set out the respective roles of the PCC and Chief Constable;
 - Set out the common understanding and agreed ways in which certain functions will be governed and managed to enable proper and effective management of the Constabulary;
 - Set out the delegations by the PCC and the Chief Constable to give effect to that common understanding
 - Incorporate Financial Regulations and Standing Orders relating to contracts.

2 Scheme of Delegation and Consents

INTRODUCTION

- 2.1. This Scheme includes, but is not limited to, formal delegations by the PCC and the Chief Constable. It also includes activities where the Chief Constable acts in their own right and/or pursuant to the duty to exercise their powers of direction and control in such a way as is reasonable to assist the PCC to exercise their functions.
- 2.2. Under the provisions of the Act, the PCC cannot delegate a function to a 'constable', including the Chief Constable or any member of staff employed by them. The PCC may however delegate powers to make arrangements that enable them to carry out their functions, for example incidental powers such as entering into contracts, borrowing money¹.
- 2.3. This Scheme provides a framework to ensure that business is carried out efficiently, ensuring that decisions are not unnecessarily delayed. It is a record of how business will be conducted by delegations and otherwise in accordance with the Act.
- 2.4. This Scheme is intended to set out all significant powers and functions. It does not define how decisions should be taken, nor does it attempt to list all matters which are incidental to the exercise of those responsibilities and which are part of the everyday management activities of the PCC and Chief Constable.
- 2.5. This Scheme is without prejudice to, and does not in any way affect, the PCC's or the Chief Constable's powers to make specific delegations from time to time, of which a formal record will be kept.
- 2.6. The PCC and Chief Constable may limit the delegations and/or remove delegations previously given.
- 2.7. The Scheme of Governance allows any person to whom a power has been delegated to sub-delegate that power to a member of staff of either the PCC or the Chief Constable.
- 2.8. The PCC and Chief Constable may set out reporting arrangements on the exercise of any delegated functions.
- 2.9. To enable the PCC to exercise the functions of their office effectively the OPCC will need access to information, and officers and staff within the Constabulary. This access must not be unreasonably withheld or obstructed by the Chief Constable, or restrict the Chief Constable's direction and control of the Constabulary.
- 2.10. Nothing in this Scheme constrains the PCC's power to require the Chief Constable to submit "a report on such matters as may be specified in the requirement, being matters connected with the policing of the area for which the Constabulary is maintained", as provided by Section 22 (3) of the Police Act 1996.
- 2.11. The PCC may not delegate under Sections 18 (3) and Sections 18 (7) of the Act, as follows:
 - Issuing a Police and Crime Plan;
 - Determining police and crime objectives;

¹ PRSR Act 2011, Schedule 1, Para 14

- Attendance at a meeting of the Police and Crime Panel;
 - Preparing an annual report to the Police and Crime Panel;
 - Appointing the Chief Constable, suspending the Chief Constable, or calling upon the Chief Constable to retire or resign;
 - Setting a council tax or budget requirement.
- 2.12. The Avon and Somerset Police and Crime Panel scrutinises the decisions of the PCC and is intended as a check and balance on the PCC, rather than the Chief Constable. The panel consists of local council members and independent members.
- 2.13. The persons appointed as the OPCC Chief of Staff (who is also the Monitoring Officer), the PCC's Chief Finance Officer (OPCC CFO), and the Chief Constable's Chief Finance Officer (OCC CFO) (collectively 'the statutory officers') have statutory powers and duties inherent to their positions, and do not rely on matters being delegated to them when exercising those functions.
- 2.14. Where the PCC has appointed a Deputy Police and Crime Commissioner (DPCC) to exercise the functions of the PCC, save for those functions referred to in Paragraph 2.11 that cannot be delegated, the Scheme sets out those functions and decisions for which the PCC has given the DPCC delegated responsibility.

GENERAL PRINCIPLES OF DELEGATION

- 2.15. The PCC and Chief Constable expect anyone exercising delegated powers under this Scheme to draw to the attention of the OPCC and/or the appropriate Chief Officer of the Constabulary any item or issue involving the exercise of those powers where the circumstances would be likely to be regarded by the PCC as 'Sensitive'. 'Sensitive' items or issues are any defined in the Glossary herein.
- 2.16. In addition, the PCC is ultimately accountable for the Police Fund. Any financial liability affecting the Police Fund that the PCC might reasonably regard as Sensitive should be the subject of discussion with the PCC's office.
- 2.17. This Scheme does not attempt to list all matters which form part of everyday management responsibilities.
- 2.18. Giving delegation to officers under this Scheme does not prevent an officer from referring the matter back to the PCC or Chief Constable for a decision if the officer thinks this is appropriate (for example, because of Sensitive issues or any matter which may have a significant financial implication).
- 2.19. When a Statutory Officer is considering a matter that is within another Statutory Officer's area of responsibility, they should consult each other before authorising the action.
- 2.20. In this document, reference made to the Statutory Officers include officers authorised by them to act on their behalf.
- 2.21. The Statutory Officers are responsible for ensuring that members of staff they supervise know about the provisions and obligations of this Scheme of Governance.
- 2.22. This Scheme provides an officer with the legal power to carry out duties of the PCC. In carrying out these duties, the officer must comply with all other statutory and regulatory requirements and relevant professional guidance including but not limited to:

- Police and Social Responsibility Act 2011 and other relevant legislation and amendments issued under this Act;
- Policing Protocol Order 2011 and as amended;
- Financial Regulations;
- Home Office Financial Management Code of Practice;
- CIPFA guidance and statement on the role of the Chief Finance Officer in public service organisations;
- Contract Regulations;
- The Commissioner's Corporate Governance framework;
- The PCC's and Constabulary's employment policies and procedures;
- The Data Protection Act 2018, and the Freedom of Information Act 2000;
- Health and safety at work legislation and codes.

2.23. When carrying out any duties, as a minimum, regard must be had to the following:

- The views of the people in Avon and Somerset;
- The Police and Crime Plan and any guidance issued by the Secretary of State;
- Any report or recommendation made by the Police and Crime Panel on the annual report for the previous financial year.

2.24. The PCC may not delegate to any person, save a Deputy Police and Crime Commissioner, certain functions specified in Sections 18 (7) (b), (c), or (d) of the Act, as follows:

- Determining police and crime objectives;
- Attendance at a meeting of the Police and Crime Panel;
- Preparing an annual report to the Police and Crime Panel.

- Enter into collaboration agreements with other PCCs, other policing bodies, and partners that improve the efficiency or effectiveness of policing for one or more policing bodies or police Constabulary in consultation with the Chief Constable (where this relates to the functions of the Constabulary then it must be with the agreement of the Chief Constable);

2.28. The PCC will receive all funding relating to policing and crime reduction, including the government grant and precept, and other sources of income. These identified funds are to be allocated in accordance with any grant terms, and on the basis set out in the Plan.

2.29. The arrangements by which these funds are managed on a day-to-day basis are set out in the financial regulations, thereby aiding the PCC to hold the Chief Constable to account.

2.30. The PCC will be responsible for handling complaints and conduct matters in relation to the Chief Constable, and complying with the requirements of the Independent Office for Police Conduct.

2.31. In relation to complaints, the PCC may issue directions to the Chief Constable in accordance with Schedule 14 of the Act.

2.32. Under the provisions of Schedule 1 of the Act, the PCC may do anything which is calculated to facilitate, or is conducive or incidental to, the exercise of the functions of the PCC.

2.33. Subject to the restrictions imposed by Section 18 (3) of the Act, the PCC may delegate their functions to any person. There is no restriction on delegation of their powers.

Functions delegated to the Deputy Police and Crime Commissioner (DPCC), if appointed,

and to the OPCC Chief of Staff

- 2.34. The PCC may appoint a Deputy Police and Crime Commissioner (DPCC) to exercise any function save those listed in clause above.
- 2.35. Prior to or in the absence of the appointment of a DPCC, in the absence (leave or illness) of the PCC, the PCC delegates to the OPCC Chief of Staff the exercise of any of their functions with the exception of those that cannot be delegated contained in this Scheme.

4.8 Corporate Communications:-

- A more detailed Business area specification has been developed by the heads of Corporate Communications for the OPCC and OCC given the importance and sensitivity of this area and its nature being governed by responding to events as they happen as well as planned proactive activity.
- In terms of workloads and teams, the majority of the resource is with the OCC with the OPCC having a smaller team. The OCC team is therefore a critical resource for the OPCC to meet the requirements of the PCC. While retaining two units, it will be necessary for the OPCC to call on the resources of Corporate Communications. This includes day-to-day tasking to avoid duplication of work and support at peak demands.
- For both teams to work much more closely together three clear principles for the approach have been developed:
 - A joint pro-active campaigning strategy including:
 - Joint forward plan updated weekly and covering a rolling 12 month period;
 - Proactive marketing campaign plans for each of the PCC's priority areas; and
 - Timely delivery of joint campaigns.
 - Reactive strategy led by Corporate Communications with dynamic briefing of the PCC and a 'no surprises' policy:
 - Adhering to Critical Incidents protocol; and
 - Advance warning to the PCC/OPCC at the earliest opportunity of any issues of reputational risk or high profile (national/ broadcast) media interest.
 - Resourcing and Support, as outlined below.

4.9 Media Relations Support:-

- OCC communications will ensure the PCC is fully supported at all times by providing a dedicated media officer trained and familiar with OPCC systems (website, social media etc) and style to cover periods of absence/holidays or peaks. Where possible this should be the same person.
- OCC team will provide written briefings when required by the PCC, for example ahead of media items and/or visits.
- OCC Corporate Communications and OPCC Communications will support each other in responding to media enquiries and taking calls at times of peak demand or absence, subject to availability.
- OCC Corporate Communications and OPCC Communications will work

together to provide media/communications training to internal stakeholders.

- OCC media monitoring will cover OCC and OPCC coverage and be circulated to the OPCC daily.

4.10 Marketing support:-

- OCC Corporate Communications will provide marketing and communications support and advice for PCC partnership activities, where relevant, such as rural crime or business forum audiences.

- 5.2 To conduct business effectively, sound financial management policies are essential and they must be strictly adhered to. Part of this process is to adopt and implement Financial Regulations. These Financial Regulations have been drawn up in such a way as to ensure that the financial affairs of the PCC and the Chief Constable are conducted properly and in compliance with all necessary requirements. They also seek to reinforce the standards of conduct in public life required by the PCC, the Chief Constable, police officers, police staff, OPCC staff, and, in particular, the need for openness, accountability and integrity.
- 5.3 These Financial Regulations are designed to establish financial responsibilities, to confer duties, rights and powers upon the PCC, the Chief Constable and their officers and staff, and to provide clarity about the financial accountabilities of groups or individuals, and anyone acting on their behalf.
- 5.4 They reflect the application of best practice and the requirements of legislation. In particular, they seek to meet the criteria set out in the Financial Management Code of Practice issued by the Home Office under Section 17 of the Police Reform and Social Responsibility Act 2011 and Section 39 of the Police Act 1996 which permits the Secretary of State to issue codes of practice to all police and crime commissioners and chief constables.

STATUS

- 5.5 These Financial Regulations should not be considered in isolation, but as a part of the overall regulatory and corporate governance framework. This includes the Policing Protocol, codes of conduct, Joint Statement and Code of Corporate Governance, and the Scheme of Governance, within which financial regulations, schemes of delegation and Standing Orders Relating to Contracts sit.
- 5.6 The PCC, Chief Constable, and all officers and staff have a general duty to take reasonable action to provide for the security of assets under their control, and for ensuring that the use of these resources is legal, properly authorised, provides value for money, and achieves best value.
- 5.7 Financial Regulations explain the working financial relationship between the PCC and the Chief Constable and their respective CFOs, and the role played by the OPCC Chief of Staff and Monitoring Officer. These officers shall be known collectively as the "Statutory Officers".
- 5.8 The PCC and Chief Constable are jointly responsible for approving or amending Financial Regulations. The OPCC CFO is responsible for maintaining and reviewing of Financial Regulations, and submitting any additions or amendments to the PCC

and Chief Constable, after consulting with the OCC CFO and the OPCC Chief of Staff. Copies will be available on the PCC's website and on the Constabulary Intranet.

- 5.9 A Chief Officer may delegate a function, whether delegated to the Chief Officer or otherwise, to other officers provided that the terms of the delegation are clearly documented.
- 5.10 More detailed Financial Instructions to supplement these Regulations, shall be issued by the Chief Constable and OCC CFO after consultation with the OPCC CFO and OPCC Chief of Staff.
- 5.11 Statutory Officers are responsible for ensuring that all employees, contractors and agents are aware of the existence and content of these Financial Regulations and that they are complied with.
- 5.12 Breaches of Financial Regulations of a serious nature may result in disciplinary proceedings and, potentially, criminal action. Such cases shall be reported to the OPCC CFO and/or OCC CFO who shall determine, after consulting with the Monitoring Officer, whether the matter shall be reported to the PCC and/or Chief Constable. Further guidance set out in Section H.
- 5.13 The PCC and all officers and staff have a duty to abide by the highest standards of probity (i.e. honesty, integrity and transparency) in dealing with financial issues.
- 5.14 The Financial Regulations shall only be suspended by a formal decision of the PCC and Chief Constable.

1. The PCC, Chief Constable, and all employees have a duty to abide by the highest standards of probity (i.e. honesty, integrity and transparency) in dealing with financial issues. This is facilitated by ensuring that everyone is clear about the standards to which they are working and the controls that are in place to ensure that these standards are met.

A2 – ACCOUNTING SYSTEMS, RECORDS AND RETURNS

1. Maintaining proper accounting records is one of the ways in which the PCC and Chief Constable will discharge their responsibility for stewardship of public resources. There is a statutory responsibility to prepare the annual accounts to present a true and fair view of the financial position of the OPCC and the Constabulary and of operations during the year. These are subject to external audit. This audit provides assurance that the accounts are properly prepared, that proper accounting practices have been followed, and that adequate arrangements have been made for securing economy, efficiency and effectiveness in the use of resources.

JOINT RESPONSIBILITIES OF THE OPCC CFO AND OCC CFO

1. Both the PCC and Chief Constable have a statutory responsibility to prepare accounts to present a true and fair view of the financial position of the OPCC and the Constabulary and of operations during the year. They must be prepared in accordance with proper practices, as set out in the Code of Practice on local Authority Accounting in the United Kingdom (the Code). The accounts will comprise separate statements for the PCC Chief Constable, and group accounts covering both entities.
2. The Chief Constable is responsible for approving the Chief Constable's Statement of Accounts and the PCC is responsible for approving the PCC's and Group Statement of Accounts.
3. The accounts are subject to detailed independent review by the external auditor. RESPONSIBILITIES OF THE Chief Constable

12. To consider and approve the Chief Constable's Annual Statement of Accounts in accordance with the statutory timetable.

Section B – Financial Planning and Control

B1 – FINANCIAL PLANNING

1. Delivering a range of policing activities is complex and needs systems to be developed and implemented to enable scarce resources to be allocated in accordance with carefully considered priorities. Proper financial planning is essential if an organisation is to function effectively.
2. The financial planning process should be directed by the approved policy framework, the business planning process, and the need to meet key objectives.
3. The planning process should be continuous, and the planning period should cover a minimum of four years. The process should include a more detailed annual plan, the budget, covering the forthcoming financial year. This allows the PCC and the Constabulary to plan, monitor, and manage the way funds are allocated and spent during the financial year and over the medium term.
4. The format of the annual budget determines the level of detail to which financial control and management will be exercised and shapes how the virement rules operate. The annual budget will be supported by a detailed objective analysis of spending across all areas of income and expenditure.
5. It is recognised that the impact of financial planning in the police service will be constrained by the quality and timing of information made available by Central Government on resource allocation.

MEDIUM TERM FINANCIAL PLAN (MTFP)

6. The PCC and Chief Constable share a responsibility to provide effective financial and budget planning for the short, medium, and longer term. They achieve this by preparing an MTFP including revenue financial projections for a minimum of four years together with a capital programme covering at least the same period.

RESPONSIBILITIES OF THE PCC

7. To identify and agree, in consultation with the Chief Constable and other relevant partners and stakeholders, a medium term financial strategy which includes funding and spending plans for both revenue and capital. The strategy should take into account multiple years, the inter-dependencies of revenue budgets and capital investment, the role of reserves, and consideration of risks. It should have regard to affordability and also to CIPFA's Prudential Code for Capital Finance in Local Authorities. The strategy should be aligned with the Police and Crime Plan.

JOINT RESPONSIBILITIES OF THE OPCC CFO AND OCC CFO

8. To determine the format and timing of the MTFP to be presented to the PCC. The format is to comply with all legal requirements and with latest guidance issued by CIPFA.
9. To prepare an MTFP including proposed income and expenditure for submission to the PCC. When preparing the MTFP, the CFOs shall have regard to:
 - the Police and Crime Plan;
 - policy requirements approved by the PCC as part of the policy framework;

- the Strategic Policing Requirement;
 - unavoidable future commitments, including legislative requirements;
 - initiatives already underway;
 - revenue implications of the capital programme;
 - proposed service developments and plans which reflect public consultation;
 - the need to deliver efficiency and/or productivity savings;
 - Government grant allocations; and
 - potential implications for local taxpayers.
10. To ensure that the medium term financial forecast includes options for the use of general balances, reserves and provisions, assumptions about future levels of government funding, and demonstrates potential implications for local taxation.
11. A gap may be identified between available resources and required resources. Requirements should therefore be prioritised by the Chief Constable to enable the PCC to make informed judgements as to future funding levels and planning the use of resources.

ANNUAL REVENUE BUDGET PREPARATION

1. The revenue budget provides an estimate of the annual income and expenditure requirements for the police service and sets out the financial implications of the PCC's strategic policies. It provides Statutory Officers with authority to incur expenditure and a basis on which to monitor the financial performance of both the PCC and the Constabulary.
2. The PCC should consult with the Chief Constable and other relevant partners and stakeholders in planning the overall annual budget which will include a separate budget for the Constabulary. This will take into consideration funding from Government and from other sources and balance the expenditure needs of the policing service and the PCC against the level of local taxation. This should meet the statutory requirements to achieve a balanced budget (Local Government Act 2003) and be completed in accordance with the statutory timeframe.
3. The impact of the annual budget on the priorities and funding of future years as set out in the Police and Crime Plan and the medium term financial strategy should be clearly identified.

RESPONSIBILITIES OF THE PCC

4. To agree the planning timetable with the Chief Constable.
5. To obtain the views of the local community on the proposed expenditure (including capital expenditure) in the financial year ahead of the financial year to which the proposed expenditure relates.
6. To present the proposed budget and precept recommendations to the Police and Crime Panel and respond to their views and comments.

RESPONSIBILITIES OF THE OPCC CFO

7. To determine the format of the revenue budget to be presented to the PCC in consultation with the Chief Constable. The format is to comply with all legal

requirements and with latest guidance issued by CIPFA.

8. To obtain timely and accurate information from billing authorities on the council tax base and the latest surplus/deficit position on collection funds to inform budget deliberations.
9. To advise the PCC on appropriations from/to and/or the appropriate level of general balances, earmarked reserves or provisions to be held.
10. To submit a report to the PCC on (1) the robustness of the estimates and the adequacy of reserves and (2) the suite of prudential indicators for the next three years, arising from the Prudential Code for Capital Finance in local Authorities. These indicators shall be consistent with the annual revenue budget and capital programme approved by the PCC.
11. Upon approval of the annual budget, to submit the council tax requirement return to Central Government and precept requests to appropriate bodies in accordance with the legal requirement.
12. To produce and issue information required by the billing authorities to explain how the precept will be used to pay for the cost of policing in accordance with statutory requirements.

JOINT RESPONSIBILITIES OF THE CHIEF CONSTABLE AND OCC CFO

13. To prepare detailed budget estimates for the forthcoming financial year in accordance with the timetable agreed with the OPCC CFO.
14. To submit estimates in the agreed format to the PCC for approval.
15. To identify all proposed individual major revenue projects (a major revenue project shall be defined as one in excess of the value shown in Section G).

B2 – BUDGETARY CONTROL

1. Budget management ensures that once the PCC has approved the budget, resources allocated are used for their intended purpose and are properly accounted for. Budgetary control is a continuous process, enabling both the Chief Constable and PCC to review and adjust their budget targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget.
2. The key controls for managing and controlling the revenue budget are that:
 - there is a nominated budget manager for each major budget heading (including all Constabulary directorates, any programme of change, central budgets, capital budgets, OPCC budget) who is accountable for the budgets under their direct control; and
 - the management of budgets must not be seen in isolation. It should be measured in conjunction with service outputs and performance measures;
 - the Delegation Limits set out herein.

REVENUE BUDGET MONITORING

1. By continuously identifying and explaining variances against budgetary targets, the PCC and the Chief Constable can identify changes in trends and resource requirements at the earliest opportunity. The PCC and Chief Constable both operate within an annual cash limit, approved when setting the annual budget. To ensure that the budget is not overspent in total, the Chief Constable, the OCC CFO, the OPCC Chief of Staff, and the OPCC CFO are required to manage expenditure within their budget allocations, subject to the rules of virement.

JOINT RESPONSIBILITIES OF THE CHIEF CONSTABLE AND OCC CFO

2. To provide appropriate financial information to enable budgets to be monitored effectively.
3. To ensure that each element of income or expenditure has a nominated budget manager to take responsibility for that part of the budget. Budget responsibility should be aligned as closely as possible to the decision-making process that commits expenditure.
4. To ensure that total spending for operational policing remains within the overall allocation of resources and takes corrective action where significant variations from the approved budget are forecast. Where total projected expenditure exceeds the total allocation of resources due to circumstances beyond the control of the Chief Constable, both the OPCC CFO and PCC shall be alerted immediately and proposals for remedy should be put forward as part of the regular reporting process to the PCC.
5. To submit a budget monitoring report to the PCC on a regular basis throughout the year, containing the most recently available financial information. The reports shall be in a format agreed with the PCC and OPCC CFO.
6. To ensure that budget holders manage income and expenditure within their area, monitor performance, and report variances within their own areas to the Chief Constable and OCC CFO.
7. To take any action necessary to avoid an adverse variation to their budget allocation and alert the Chief Constable and OPCC CFO to any problems.
8. To require detailed budget monitoring to be undertaken by budget holders on a monthly basis and for this to be reported to the OCC CFO.
9. To ensure that budget holders receive sufficient financial support to enable them to undertake their budgetary control responsibilities.
10. To refer major revenue projects back to the PCC for further approval where, when negotiating contract details, amendments to the nature of the scheme are sought or the cost of the scheme exceeds the limits shown in Section G.

JOINT RESPONSIBILITIES OF THE Chief Constable, THE OCC CFO, AND THE OPCC CFO

11. To submit a periodic budget monitoring report, containing the most recently available financial information to the PCC showing spending to date and comparisons of projected outturn with the latest approved budget.

RESPONSIBILITIES OF THE OPCC CFO

12. To report financial outturn to the Police and Crime Panel as reasonably required

from time to time.

JOINT RESPONSIBILITIES OF THE OPCC CHIEF OF STAFF AND THE OPCC CFO

13. To manage the budget allocated for the PCC's Office.
14. To ensure that total spending for the PCC's Office remains within the overall allocation of resources and take corrective action where significant variations from the approved budget are forecast. Where total projected expenditure exceeds the total resources due to circumstances beyond the control of the OPCC Chief of Staff, the PCC shall be alerted immediately together with proposals to remedy the situation as part of the regular reporting process to the PCC.

REVENUE VIREMENT

1. A virement is a planned reallocation of resources between approved budgets or heads of expenditure. A budget head is a line in the approved budget report. The scheme of virement is intended to enable chief officers to manage their budgets with a degree of flexibility within the overall policy framework determined by the PCC and, therefore, to provide the opportunity to optimise the use of resources to emerging needs.
2. The Chief Constable is expected to exercise discretion in managing budgets responsibly and prudently and should only be required to refer back to the PCC when virement would incur substantive changes in the policy of the PCC or where a virement might create a significant future year or continuing commitment.
3. The Chief Constable shall be held to account by the PCC for decisions made and the way in which resources are deployed. The virement rules allow greater freedom but require detailed reports on significant changes.
4. Key controls for the scheme of virement are:
 - it is administered by Chief Officers within delegated powers given by the PCC. Any variation from this scheme requires the approval of the PCC;
 - the overall budget is agreed by the PCC. Chief Officers and budget managers are therefore authorised to incur expenditure in accordance with the estimates that make up the budget;
 - virement does not create additional overall budget liability; and
 - each Chief Officer shall ensure that virement is undertaken as necessary to maintain the accuracy of budget monitoring.

RESPONSIBILITIES

5. The limits that apply on virements between budget headings are defined in Section G.
6. The exception to the above framework is that virement is not permitted without the PCC's agreement in relation to financing items such as asset charges or where a proposal would adversely affect long term revenue commitments of the Constabulary and the PCC.
7. Budget lines will be defined each year as part of the budget approval.
8. All requests for virement must be made in the format prescribed by the OPCC CFO

and/or OCC CFO, and information on the virements within the limits set out in section G will be available to support budget monitoring report information.

9. The approval of the PCC shall be required if the virement involves:
- a substantial change in policy;
 - a significant addition to commitments in future years;
 - or, where resources to be transferred were originally provided to meet expenditure of a capital nature.

TREATMENT OF YEAR END BALANCES

1. A year end balance is the amount by which actual income and expenditure varies from the final budget, normally identified down to devolved budget holder level. Arrangements are necessary for the transfer of resources between accounting years, i.e. a carry forward. This may increase or decrease the resources available to budget holders in the following financial year, dependent upon the nature of the budget variation. Carry forwards impact on reserves and balances will be undertaken in accordance with the approved scheme for that purpose.
2. The carry forward of underspent and overspent budgets is permitted only within the Delegation Limits in Section G. Carry forwards will be reported to the PCC as part of the year end outturn report. Budget Managers will be required to satisfy the Chief Constable that expenditure proposed against carry forward underspending is in accordance with Police and Crime Plan priorities and is non-recurrent in nature.

Joint responsibilities of the OPCC CFO and the OCC CFO

3. To ensure that Budget Managers report any overspend on their budgets in any financial year.
4. To consider reducing budgets for the following financial year where overspending has occurred or is expected to occur.
5. To consider requests from Budget Managers, who identify planned underspends in any financial year, for budget provision to be carried forward to the following financial year, subject to the limits indicated in Section G.
6. To refer all carry forwards that fall outside of the parameters stipulated in these Regulations to the PCC for approval.

Responsibilities of the PCC

7. To consider the arrangements for carrying forward underspends when considering the level of reserves and balances as part of the development of the financial strategy.

B3 – CAPITAL PROGRAMME

1. Capital expenditure involves acquiring or enhancing fixed assets with a long-term value, such as land, buildings, and major items of technology, plant, equipment, or vehicles. Capital assets shape the way services are delivered in the long term and may create financial commitments in the form of financing costs and revenue running costs.

2. Capital investment can be undertaken providing the spending plans are affordable, prudent and sustainable. CIPFA's Prudential Code sets out the framework under which the PCC will consider their spending plans.
3. The capital programme is governed through the capital strategy, informed by the Constabulary's corporate strategies and supported by more detailed asset management transformation and innovation planning. All proposals for significant investment in capital assets must be included within the MTFP.

Responsibilities of the Chief Constable

4. To develop and implement approved transformation, innovation, and asset management plans.

Joint responsibilities of the OPCC CFO and the OCC CFO

5. To prepare an MTFP for consideration and approval by the PCC, including all financial implications of capital spending plans.

Joint responsibilities of the CC and OCC CFO

6. To prepare a rolling programme with a minimum of four years of future proposed capital expenditure for consideration by the PCC and the OPCC CFO, and for approval by the PCC of the first full year of this programme annually. Each scheme shall identify the total capital cost of the project, the source of capital funding for the project, and any additional revenue commitments.
7. To prepare detailed project appraisals and business cases in accordance with the Delegated Limits for schemes included in the capital programme for submission to the OPCC CFO and PCC for consideration and approval. This will include all additional revenue and capital costs and provide evidence of the scheme's viability for inclusion.
8. To ensure that each capital project has a named officer responsible for sponsoring the scheme, monitoring expenditure, implementation, and outcomes.
9. To identify, in consultation with the OPCC CFO, available sources of funding the capital programme, including the identification of potential capital receipts from disposal of property or other assets.
10. To prioritise requirements so that if a gap is identified between available resources and required capital investment the PCC can make informed judgements as to which schemes should be included in the capital programme, the minimum level of funding required for each scheme, and the potential phasing of capital expenditure.
11. Not to incur capital expenditure unless the scheme is approved by the PCC, apart from professional fees to form a business case (e.g. feasibility studies, planning fees).

Responsibilities of the OPCC CFO

12. To make recommendations to the PCC on the most appropriate level of revenue support, use of reserves and appropriate levels of borrowing, under the Prudential

Code, to support the capital programme.

Responsibilities of the PCC

13. To approve the annual capital spending plan.
14. To approve the MTFP that includes a capital plan for at least four years.
15. To approve specific business cases for investment that may be presented from time to time, and which propose significant investment in capital assets.
16. To approve a fully funded annual and medium term capital plan subject to approval of individual investment business cases.

ANNUAL CAPITAL PROGRAMME

Responsibilities of the PCC

17. To agree the annual capital programme, and how it is to be financed in accordance with Delegation Limits set out in Section G.

Responsibilities of the OCC CFO

18. To incur expenditure, providing the project investment appraisal has been approved in accordance with these arrangements.
19. To ensure that property leases, finance leases or other credit arrangements with the value or term above the limits set out in Section G are not entered into without the prior approval of the OPCC CFO.

MONITORING OF CAPITAL EXPENDITURE

Responsibilities of the OCC CFO

20. To ensure that adequate records are maintained for all capital contracts.

Joint responsibilities of the OPCC CFO and the OCC CFO

21. To monitor progress of the capital programme and expenditure throughout the year against the approved programme.
22. To submit capital monitoring reports to the PCC on a regular basis throughout the year.
23. These reports are to be based on the most recently available financial information. The monitoring reports will show spending to date and compare projected income and expenditure with the approved programme. The reports shall be in a format agreed by the OPCC CFO.
24. To prepare a business case for all new capital schemes (after the annual programme has been agreed) for submission to the PCC for consultation and approval.
25. To demonstrate how any amendments to the programme increasing the overall costs are to be funded.
26. To report on the outturn of capital expenditure as part of the annual report on the statutory accounts.

B4 – MAINTENANCE OF BALANCES AND RESERVES

1. The PCC must decide the level of general reserves to retain before they can decide the level of council tax precept. Reserves are maintained as a matter of prudence. They enable the PCC to provide for cash flow fluctuations and unexpected risks and costly events and thereby help protect them from overspending the annual budget, should such events occur. Reserves for specific purposes may also be maintained where it is likely that a spending requirement will occur in the future.

Responsibilities of the OPCC CFO

2. To advise the PCC on reasonable levels of balances and reserves.
3. To report to the PCC on the adequacy of reserves and balances before they approve the annual budget and precept.
4. To approve appropriations to and from each earmarked reserve. These will be separately identified in the Annual Statement of Accounts.

Responsibilities of the Chief Constable

5. To ensure that the annual revenue budget is sufficient to finance foreseeable operational needs without having to request additional approval.
6. To ensure the use of reserves only in accordance with the purpose identified when established.

Responsibilities of the PCC

7. To approve a policy on reserves and balances, including the minimum acceptable level of general balances.
8. To approve the creation of each earmarked reserve. The purpose, usage, and basis of transactions should be clearly identified for each reserve established.
9. To approve the allocation of monies to and from general and earmarked reserves, as part of the annual budget setting process.

Section C – Management of risk and resources

C1 – RISK MANAGEMENT AND BUSINESS CONTINUITY

1. It is essential that robust, integrated systems are developed and maintained for identifying and evaluating all potential significant corporate and operational risks. This should include the proactive participation of all those associated with planning and delivering services.
2. All organisations, whether private or public sector, face risks to people, property, and continued operations. Risk is the chance or possibility of loss, damage, injury, or failure to achieve objectives caused by an unwanted or uncertain action or event. Risk cannot be eliminated altogether. However, Risk Management is the planned and systematic approach to the identification, evaluation, and control of risk. Its objectives are to secure the assets of the PCC and the Constabulary, and to ensure continued corporate and financial wellbeing. In essence it is, therefore, an integral part of good business practice.

Joint responsibilities of the PCC and Chief Constable

3. The Code of Corporate Governance highlights the importance of risk management being embedded throughout the governance arrangements in both organisations, whether operating jointly or separately. The PCC and Chief Constable are responsible for approving the risk management policy statement and strategy for the respective organisations, and for reviewing the effectiveness of risk management.

Responsibilities of the Chief Constable and the OPCC Chief of Staff for their respective organisations

4. To ensure a current risk register is reviewed regularly for each of the OPCC and the Constabulary, and that mitigating actions are set out and reviewed at appropriate Constabulary governance meetings and at the JAC and Governance and Scrutiny Board as required, and for promoting a culture of risk management awareness throughout the Constabulary and OPCC and reviewing risk as an ongoing process.
5. To implement procedures to identify, assess, prevent, or contain material known risks, with a monitoring process in place to regularly review the effectiveness of risk reduction strategies and the operation of these controls. The risk management process should be formalised and conducted on a continuing basis.
6. To ensure that appropriate business continuity plans are developed, implemented, and tested on a regular basis.

Responsibilities of the OCC CFO

7. To agree with the OPCC CFO appropriate arrangements for insurance. Acceptable levels of risk should be determined and insured against where appropriate. Activities leading to levels of risk assessed as unacceptable should not be undertaken.
8. To arrange for regular reviews of self insurance arrangements to be undertaken and, following these reviews, to agree with the OPCC CFO a course of action to ensure that, over the medium term, funds are available to meet all known liabilities.
9. To ensure, in consultation with the OPCC CFO, that appropriate insurance cover is provided, including where new risks are identified or circumstances affecting risks change.

10. To administer insurance matters including the settlement of liability claims.
11. To notify the OPCC CFO of any significant claims.
12. To notify the OPCC Chief of Staff of any terms of indemnity that are requested.
13. To ensure that claims made against insurance policies are made promptly.
14. To make all appropriate employees aware of their responsibilities for managing relevant risks.
15. To ensure that employees, or anyone covered by the Constabulary and OPCC insurance, are instructed not to admit liability or make any offer to pay compensation that may prejudice the assessment of liability in respect of any insurance claim.
16. To ensure that a comprehensive risk register is produced and updated regularly, and that corrective action is taken at the earliest possible opportunity to either transfer, treat, tolerate, or terminate the identified risk.
17. To settle civil claims in accordance with the arrangements set out in Section G.

Responsibilities of the OPCC Chief of Staff

18. To evaluate and authorise any terms of indemnity that is requested by external parties.
19. To approve, before any contract for works is made, that insurance cover be furnished by the contractor in respect of any act or defaults, unless cover is provided by the PCC.

C2 – INTERNAL CONTROLS

1. Internal control refers to the systems of control devised by management to help ensure objectives of the PCC and the Chief Constable are achieved in an ethical manner that provides value for money.
2. These systems of internal control are established in order to ensure:-
 - efficient and effective operations;
 - reliable financial information and reporting;
 - compliance with laws and regulations;
 - risk management.

Responsibilities of Statutory Officers

3. To implement effective systems of internal control, in accordance with advice from the OPCC CFO and OCC CFO. These arrangements shall ensure compliance with all applicable statutes and regulations, and other relevant statements of best practice. They shall ensure that public resources are properly safeguarded and used economically, efficiently and effectively.
4. To ensure that effective key controls exist and are operating in managerial control systems, including defining policies, setting objectives and plans, monitoring financial and other performance information, and taking appropriate anticipatory and remedial action where necessary. The key objective of these control systems is to define roles and responsibilities.
5. To ensure that effective key controls are operating in financial and operational

systems and procedures. This includes physical safeguard of assets, segregation of duties, authorisation and approval procedures, and robust information systems.

Joint responsibilities of the CC and the OCC CFO

6. To produce Annual Governance Statements following a review of the effectiveness of the internal controls in operation during the year, for inclusion within the annual statement of accounts for the Chief Constable. The Chief Constable's Annual Governance Statement should be signed off by the Chief Constable and the OCC CFO.

C3 – AUDIT REQUIREMENTS

COMMISSIONED INTERNAL AUDIT

1. Internal audit is an assurance function that provides an independent and objective opinion to an organisation on the control environment, by evaluating its effectiveness in achieving the organisation's objectives. It objectively examines, evaluates, and reports on the adequacy of the control environment as a contribution to the proper, economic, efficient, and effective use of resources.
2. In the Police Service, the PCC and Chief Constable are required to maintain an effective audit of their affairs by virtue of the Accounts and Audit Regulations 2011 (as amended) which state that a "relevant body must maintain an adequate and effective system of internal audit of its accounting records and of its system of internal control in accordance with the proper practices in relation to internal control". The guidance accompanying the legislation states that proper internal control practices for internal audit are those contained in the CIPFA Code of Practice.
3. In fulfilling this requirement, the PCC and Chief Constable should have regard to the Code of Practice for Internal Audit in Local Government in the United Kingdom issued by CIPFA. The Statement on the Role of the Head of Internal Audit in Public Service Organisations issued by CIPFA sets out best practice and should be used to assess arrangements to drive up audit quality and governance arrangements.
4. In addition to enabling the PCC and the Chief Constable to fulfil their requirements in relation to the relevant Accounts and Audit Regulations, internal audit is needed:
 - to satisfy the PCC and the Chief Constable that effective internal control systems are in place; and
 - to help inform the external auditor that financial systems and internal controls are effective and that the Police Fund is managed so as to secure value for money.

Responsibilities of the JAC

5. To approve the Terms of Reference (ToRs) within which internal audit operates. In

terms of internal audit, the ToRs will include the following key activities and responsibilities:

- Advising the PCC and Chief Constable on the appropriate arrangements for internal audit and approving the internal audit plan;
 - Approving (but not directing) the annual internal audit plan;

 - access records belonging to contractors, when required. This shall be achieved by including an appropriate clause in all contracts.
9. To ensure that Internal Audit has direct access to all Chief Officers and employees, where necessary.

Responsibilities of Head of Internal Audit (may be delegated to a senior representative from an appointed third party internal audit provider)

10. To prepare, in consultation with the PCC, Chief Constable, OPCC CFO, and OCC CFO, an annual audit plan for consideration by the JAC.

 - the accounts comply with the requirements of the enactments that apply to them,

Joint responsibilities of the PCC and the Chief Constable

25. To receive and respond to reports from other inspection bodies.

C4 – PREVENTING FRAUD AND CORRUPTION

1. The PCC and the Chief Constable will not tolerate fraud or corruption in the administration of its responsibilities, whether from inside or outside their organisations.
2. Expectations of propriety and accountability are that the PCC and employees at all levels will lead by example in ensuring adherence to legal requirements, rules, procedures, and practices.

C5 – ASSETS

1. Assets are held in the form of land, property, vehicles, information technology, data, other equipment, furniture, and other items, together worth many millions of pounds. It is important that assets are safeguarded and used efficiently in service delivery, that there are arrangements for the security of both assets and information required for service operations and that proper arrangements exist for the disposal of assets. An up-to-date asset register is a prerequisite for proper fixed asset accounting and sound asset management which provides information about assets so that they are:
 - Accurately recorded and classified;
 - Safeguarded against loss;
 - Used efficiently and effectively;
 - Adequately maintained; and
 - Valued in accordance with statutory and management requirements.
2. The PCC will own and fund all assets, regardless of whether they are used by the PCC, by the Constabulary, or by both bodies.
3. The Chief Constable is responsible for the direction and control of the Constabulary and should therefore have day-to-day management of all assets used by the Constabulary.
4. The PCC should consult the Chief Constable in planning the budget and developing an MTFP. Both these processes should involve a full assessment of the assets required to meet operational requirements, including in terms of human resources, infrastructure, land, property, and equipment.

Joint responsibilities of the PCC and CC

5. To ensure that:
 - assets are only used for the purposes of the Constabulary and the OPCC and are available for use when required and are properly accounted for;
 - an asset register is maintained that provides information about fixed assets so that they are safeguarded, used efficiently and effectively, adequately maintained, and valued in accordance with statutory and management requirements;
 - assets and records of assets are properly maintained and securely held and that contingency plans for the security of assets and continuity of service in the

event of disaster or system failure are in place;

INVENTORIES

Responsibilities of the Chief Constable

9. To ensure that inventories are maintained for the Constabulary in a format approved by the OPCC CFO and OCC CFO that record an adequate description of items with a value in excess of the amount shown in Section G. Other items of equipment should also be recorded if they are deemed to be both desirable and portable (e.g. laptops).

Responsibilities of the PCC

10. To ensure that inventories are maintained for the PCC's office in a format approved by the OPCC CFO that record an adequate description of items with a value in excess of the amount shown in Section G. Other items of equipment should also be recorded if they are deemed to be both desirable and portable (e.g. mobile phones, laptops, other mobile technology).

STOCKS AND STORES

Responsibilities of the OCC CFO

11. To make arrangements for the care, custody, and control of the stocks and stores, and maintain appropriate stores accounts in a form approved by the OPCC CFO.
12. To write-off obsolete stock, up to the limits shown in Section G. Amounts for write off above this value must be referred to the OPCC CFO for approval supported by a written report.

Responsibilities of the OPCC CFO

13. To approve the arrangements for accounting for stores.

INTELLECTUAL PROPERTY

15. Intellectual Property is a generic term that includes inventions and writing.
16. If any Intellectual Property is created by the employee during the course of employment, then, as a general rule, this will belong to the employer, not the employee. Various acts of Parliament cover different types of intellectual property. Certain activities undertaken within the Constabulary, by the PCC, and within the OPCC may give rise to items that could be patented, for example, software development. These items are collectively known as 'Intellectual Property'.
17. In the event that the Constabulary or PCC decides to become involved in the commercial exploitation of inventions, the matter should be brought to the attention of the OPCC Chief of Staff.

Responsibilities of the Chief Constable

18. To ensure that employees are aware of these procedures.

ASSET DISPOSAL

19. Assets shall be disposed of when in the best interests of the Constabulary and the PCC and at the most advantageous price. Where this is not the highest offer, a report must be prepared for the PCC outlining the reasons.

Responsibilities of the Chief Constable

20. To dispose of surplus land and buildings only with prior written consent of the PCC and to dispose of surplus vehicles and items of equipment up to the estimated value shown in Section G.
21. To dispose of items above the value in Section G by public auction or sealed bids after advertisement.

 - A treasury management policy statement, stating the policies, objectives, and approach to risk management of its treasury management activities;
 - Approved Treasury Management Practices (TMPs) setting out the manner in which the organisation will seek to achieve those policies and objectives, and prescribing how it will manage and control those activities;

40. To arrange for bank reconciliations to be undertaken on a timely and accurate basis.
41. To determine signatories on all PCC bank accounts.

IMPREST ACCOUNTS/PETTY CASH

42. Cash advances may be made to an individual in order that relatively small incidental payments may be made quickly. A record of disbursements from the account should be maintained to control the account and so that the expenditure may be substantiated, accurately reflected in the PCC's accounts, and correctly reimbursed to the account holder.

Responsibilities of the OCC CFO

43. To provide appropriate employees with cash, bank imprests, or pre-paid cash cards to meet minor expenditure on behalf of the Constabulary and OPCC. MONEY LAUNDERING

47. The Constabulary and OPCC are alert to the possibility that it may become the subject of an attempt to involve it in a transaction involving the laundering of money.
48. Suspicious cash deposits in any currency in excess of £15,000 (or equivalent) should be reported to the Serious Organised Crime Agency (SOCA).
49. Internal control procedures will be monitored to ensure they are reliable and robust.

Responsibilities of the OPCC CFO

50. To be the nominated Money Laundering Reporting Officer (MLRO).
51. To consider, in the light of all information, whether a disclosure gives rise to such knowledge or suspicion.

55. Cash banking from a single source over £15,000 should be reported to the OPCC CFO. This instruction does not apply to seizures and subsequent banking under the Proceeds of Crime Act.

C7 – STAFFING

1. Staffing costs are the largest element of the annual policing budget. An appropriate people strategy should exist. Staffing requirements are matched with budget allocations. The Chief Constable is responsible for approving the overall HR strategy in advance of its implementation (including hiring, and material or sensitive re-organisation or redundancy programs) in consultation with the PCC.

Responsibilities of the Chief Constable

2. To ensure that their employees are appointed, employed, and dismissed in accordance with relevant statutory regulations, national agreements and personnel policies, budgets, and strategies agreed in advance by the PCC, and that there is a proper use of the evaluation or other agreed systems for delivering the remuneration of a job.

Responsibilities of the OCC CFO

These procedures shall be made available to all appropriate employees. More detailed information will be provided in Financial Instructions/Practice Directions.

NB – This does not include the receipt of gifts and hospitality by individual members of OPCC or OCC

1. In accordance with the Police Act 1996, the PCC may decide to accept gifts of money and gifts or loans of other property or services (e.g. car parking spaces) if they will enable the police either to enhance or extend the service which they would normally be expected to provide. The terms on which gifts or loans are accepted may allow commercial sponsorship of some Constabulary activities.
2. Gifts, loans, and sponsorship are particularly suitable for multi-agency work such as crime prevention, community relations work, and victim support schemes.
3. Gifts, loans, and sponsorship can be accepted from any source which has genuine and well-intentioned reasons for wishing to support specific projects. In return, the provider may expect some publicity or other acknowledgement. It is acceptable to allow the provider to display the organisation's name or logo on publicity material, provided this does not dominate or detract from the purpose of the supported project.
4. The total value of gifts, loans, and sponsorship accepted, should not exceed 1% of the PCC's annual gross revenue budget of the Constabulary and OPCC.

Responsibilities of the PCC

5. To approve the policy on gifts, loans, and sponsorship.

Joint responsibilities of the Chief Constable and the OPCC Chief of Staff

10. To bank cash from sponsorship activity in accordance with normal income procedures.

Section D – Systems and Procedures

D1 – GENERAL

1. There are many systems and procedures relating to the control of PCC and Constabulary assets, including purchasing, costing, and management systems. The Constabulary and the OPCC are reliant on computers for financial management information. This information must be accurate, and the systems and procedures sound and well administered. They should contain controls to ensure that transactions are properly processed and errors detected promptly.
2. The OPCC CFO and OCC CFO both have a statutory responsibility to ensure that financial systems are sound and should therefore be notified of any proposed new developments or changes.

Joint responsibilities of the OPCC CFO and the OCC CFO

 - approve any new financial systems to be introduced;.
 - approve any changes to existing financial systems.
4. To ensure, in respect of systems and processes, that:
 - systems are secure, adequate internal controls exist, and accounting records (e.g. invoices, income documentation) are properly maintained and held securely, and that duties are appropriately segregated to minimise the risk of error, fraud, or other malpractice;
 - appropriate controls exist to ensure that all systems input, processing, and output is genuine, complete, accurate, timely, and not processed previously;
 - a complete audit trail is maintained, allowing financial transactions to be traced from the accounting records to the original document and vice versa;
 - systems are documented and staff trained in operations .
5. To ensure that there is a documented and tested business continuity plan to allow key system processing to resume quickly in the event of an interruption. Effective contingency arrangements, including back up procedures, are to be in place in the event of a failure in computer systems.
6. To establish a scheme of delegation, identifying staff authorised to act upon the Chief Constable's behalf in respect of income collection, placing orders, making payments, and employing staff.

D2 – INCOME

1. Income is vital and effective systems are necessary to ensure that all income due is identified, collected, receipted, and banked promptly. The responsibility for cash collection should be separated from that for identifying the amount due and for reconciling the amount due to the amount received.
2. The PCC and Chief Constable should adopt the NPCC National Policing Guidelines on Charging for Policing Services (National Charging Guidelines) and national guidance when applying charges under Section 25 of the Police Act 1996. The purpose of charging for special services is to ensure that, wherever appropriate, those using the services pay for them.
3. The PCC should ensure that there are arrangements in place so that expected charges are clearly identified in their budgets and that costs are accurately attributed and charged. When considering budget levels, the PCC should ensure that ongoing resource requirements are not dependent on a significant number of uncertain or volatile income sources and should have due regard to sustainable and future year service delivery.
4. When specifying resource requirements, the Chief Constable will identify the expected income from charging. The Chief Constable should adopt the National Charging Guidelines in respect of mutual aid.

Joint responsibilities of the CC and PCC

5. To adopt the National Charging Guidelines and national guidance when applying charges under Section 25 of the Police Act 1996, and to keep scales of fees and charges under review (with such reviews being carried out at least annually).

All charges should be at full cost recovery except where regulations or the NPCC guidance require or permit otherwise, or with the express approval of the PCC.
8. To ensure that all income is paid fully and promptly into the designated Income Bank Account.
9. Appropriate details should be recorded onto paying-in slips to provide an audit trail and money collected and deposited reconciled on a monthly basis.
10. To ensure income is not used to cash personal cheques or make other payments.

Responsibilities of the OCC CFO

11. To order and supply to appropriate employees all receipt forms, books or tickets, and similar items, and be satisfied as to the arrangements for their control. Official receipts or other suitable documentation shall be issued for all income received.

13. To initiate appropriate debt recovery procedures, including legal action where necessary.

14. To approve the write-off of bad debts, in consultation with the OPCC Chief of Staff or the OPCC CFO, up to the level shown in Section G. Amounts for write-off above this value must be referred to the OPCC CFO for approval, supported by a written report explaining the reason(s) for the write-off.
15. To prepare detailed financial Instructions for dealing with income, to be agreed with the OPCC CFO, and to issue them to all appropriate employees.

D3 – ORDERING AND PAYING FOR WORK, GOODS, AND SERVICES

1. Public money should be spent in accordance with corporate policies. The PCC and the Chief Constable have a statutory duty to ensure financial probity and best value. Financial Regulations and purchasing procedures help to ensure that the public can receive value for money. These procedures should be read in conjunction with the Standing Orders Relating to Contracts in Section F.

Responsibilities of the OCC CFO

2. To maintain procurement procedures covering the principles to be followed for the purchase of goods and services, and that all payments are made in accordance with this strategy and procedures.
3. To issue official purchase orders for all work, goods, or services to be supplied to the Constabulary and OPCC, except for supplies of utilities, periodic payments such as rent or rates, petty cash purchases, or other exceptions approved by the OPCC CFO.
4. Official orders must not be raised for any personal or private purchases, nor must personal or private use be made of the Constabulary and PCC contracts.
5. Goods and services ordered must be appropriate and there must be adequate budgetary provision. Quotations or tenders must be obtained where necessary, in accordance with these regulations.
6. Payments are not to be made unless goods and services have been received within agreed tolerances of the correct price, quantity, and quality in accordance with any official order.
7. To ensure that payments are made to the correct person, for the correct amount, on time and are recorded properly, regardless of the method of payment.
8. To ensure that VAT is recovered where appropriate.
9. To ensure that all expenditure, including VAT, is accurately recorded against the right budget and any exceptions are corrected.
10. To ensure that all purchases made through e-procurement follow the rules, regulations, and procedures detailed in Section F.
11. To prepare, in consultation with the OPCC CFO, detailed financial instructions for dealing with the ordering and payment of goods and services, and to issue these to all appropriate employees.

Responsibilities of Chief Officers

12. To ensure that every member and employee declares any links or personal interests that they may have with purchasers, suppliers, and contractors if they are engaged in contractual or purchasing decisions on behalf of the PCC or Chief Constable and that such persons take no part in the selection of a supplier or contract with which they are connected.

D4 – PAYMENTS TO EMPLOYEES

1. Employee costs are the largest item of expenditure for most PCCs. It is therefore important that there are controls in place to ensure accurate, timely, and valid payments are made in accordance with individuals' conditions of employment.

Joint responsibilities of the Chief Officer – People and Organisational Development and the OCC CFO

2. To ensure, in consultation with the OPCC CFO, the secure and reliable payment of salaries, overtime, pensions, compensation, and other emoluments to existing and former employees.
3. To ensure that tax, superannuation, and other deductions are made correctly and paid over at the right time to the relevant body.

8. To prepare detailed Financial Instructions for dealing with payments to employees, to be agreed with the OPCC CFO, and these shall be issued to all appropriate employees.

D5 – TAXATION

1. Tax issues are often very complex and the penalties for incorrectly accounting for tax are severe.

Responsibilities of the OCC CFO

2. To ensure that arrangements are in place for the timely completion and submission of all HM Revenue and Customs returns regarding PAYE and that due payments are made in accordance with statutory requirements.
3. To ensure that arrangements are in place for the timely completion and submission of VAT claims, inputs, and outputs to HMRC.

Joint responsibilities of the OPCC CFO and the OCC CFO

4. To ensure that the correct VAT liability is attached to all income due and that all VAT receivable on purchases complies with HMRC regulations.
5. To provide details to the HMRC regarding the construction industry tax deduction scheme.
6. To ensure that appropriate technical staff have access to up-to-date guidance notes and professional advice.

D6 – PURCHASING CARDS

1. Purchasing cards are an alternative method of buying and paying for relatively low value goods, which generate a high volume of invoices. This should generate an efficiency saving from lower transaction costs (i.e. fewer invoices processed and paid for through the integrated accounts payable system), as well as reducing the number of petty cash transactions

Responsibilities of the OCC CFO

2. To provide detailed financial instructions to card holders.
3. To authorise and maintain control over the issue of cards.
4. To reconcile the purchase card account to the ledger on a monthly basis.

Responsibilities of Purchasing Card holders

D7 – EX GRATIA PAYMENTS

1. An ex gratia payment is a payment made where no legal obligation has been established. An example may be recompense to a police officer for damage to personal property in the execution of duty, or to a member of the public for providing assistance to a police officer in the execution of duty.

Responsibilities of the Chief Constable

2. To maintain a policy setting out the process by which ex gratia claims will be processed.
3. To make ex gratia payments, on a timely basis and in accordance with the policy set out, to members of the public and to staff up to the level shown in Section G. These payments will be for damage to, or loss of, property or for personal injury, or costs incurred as a result of police action where such a payment is likely to facilitate, or is conducive or incidental to, the discharge of any of the functions of the PCC and the Constabulary up to the limits set and in Section G.
4. To maintain details of ex gratia payments in a register.

Section E – External Arrangements

E1 – EXTERNAL FUNDING

1. External funding can be a very important source of income, but funding conditions need to be carefully considered to ensure that they are compatible with the aims and objectives of the PCC and Chief Constable. Funds from external agencies provide additional resources to enable policing objectives to be delivered. However, in some instances, although the scope for external funding has increased, such funding is linked to tight specifications and may not be flexible enough to link to the Police and Crime Plan.
2. The main sources of such funding will tend to be specific Government grants, additional contributions from local authorities and other partners and shared funding arrangements for projects and programmes.

Responsibilities of Chief Officers and the PCC

3. To pursue actively any opportunities for additional funding where this is considered to be in the interests of the Constabulary and PCC.

Joint responsibilities of the Chief Constable and the PCC

4. To ensure that the match-funding requirements and exit strategies are considered prior to entering into the agreements, and that future medium term financial forecasts reflect these requirements.

Joint responsibilities of the OPCC CFO and the OCC CFO

5. To ensure that all funding notified by external bodies is received and properly accounted for, and that all claims for funds are made by the due date, and that any audit requirements specified in the funding agreement are met.

Responsibilities of the Chief Constable

6. To ensure that funds are acquired only to meet policing needs and objectives.
7. To ensure that key conditions of funding and any statutory requirements are complied with, and that the responsibilities of the accountable body are clearly understood.
8. To ensure that any conditions placed upon the PCC and the Constabulary in relation to external funding are in accordance with the approved policies. If there is a conflict, this needs to be taken to the PCC for resolution.

E2 – WORKING FOR THIRD PARTIES

1. The Constabulary provides services to other bodies outside of its normal obligations, for which charges are made (e.g. training, special policing services). Arrangements should be in place to ensure that any risks associated with this work are minimised, and that such work is not ultra vires.

Responsibilities of the Chief Constable

2. To ensure that proposals for assistance are costed on a full cost recovery basis or

other basis as agreed from time to time by local arrangements subject to the actual charge levied being in accordance with the rules established in the NPCC national regulations and national guidance, wherever appropriate.

3. To ensure that no contract is subsidised by the Constabulary or the OPCC and that, where possible, payment is received in advance of the delivery of the service so that the Constabulary and the OPCC are not put at risk from any liabilities, such as bad debts.
4. To ensure that appropriate insurance arrangements are in place.
5. To ensure that all contracts are properly documented.
6. To ensure that such contracts do not impact adversely on the services provided by the Constabulary and the OPCC.

E3 – JOINT WORKING ARRANGEMENTS

1. Public bodies are increasingly encouraged to provide seamless service delivery through working closely with other public bodies, local authorities, agencies, and private service providers.
2. Joint working arrangements can take a number of different forms, each with its own governance arrangements. These can be grouped under the following headings:
 - Partnerships;
 - Consortia;
 - Regional Working;
 - Collaboration.
3. Partners engaged in joint working arrangements have common responsibilities:
 - to act in good faith at all times and in the best interests of the partnership's aims and objectives;
 - to be willing to take on a role in the broader programme, appropriate to the skills and resources of the contributing organisation;
 - to be open about any conflicts that might arise;
 - to encourage joint working and promote the sharing of information, resources, and skills;
 - to keep secure any information received as a result of partnership activities or duties that is of a confidential or commercially sensitive nature;
 - to promote the project.
4. In all joint working arrangements, the following key principles must apply:
 - before entering into the agreement, a risk assessment has been prepared;
 - such agreements do not impact adversely upon the services provided by the Constabulary and OPCC;
 - project appraisal is in place to assess the viability of the project in terms of resources, staffing and expertise;
 - all arrangements are properly documented;

- regular communication is held with other partners throughout the project in order to achieve the most successful outcome;
 - audit and control requirements are satisfied;
 - accounting and taxation requirements particularly VAT, are understood fully and complied with;
 - an appropriate exit strategy has been produced.
5. The Constabulary and OPCC element of all joint working arrangements must comply with these Financial Regulations.

PARTNERSHIPS

6. The term partnership refers to groups where members work together as equal partners with a shared vision for a geographic or themed policy area and agree a strategy in which each partner contributes towards its delivery. A useful working definition of such a partnership is where the partners:
- are otherwise independent bodies;
 - agree to co-operate to achieve a common goal; and
 - achieve partnership to create an organisational structure or process and agreed programme, and share information, risks, and rewards.
7. The number of partnerships, both locally and nationally is expanding in response to Central Government requirements and local initiatives. This is in recognition of the fact that partnership working has the potential to:
- comply with statutory requirements;
 - deliver strategic objectives in new and better ways;
 - improve service quality and cost effectiveness;
 - ensure the best use of scarce resources; and access new resources;
 - deal with issues which cut across agency and geographic boundaries, and where mainstream programmes alone cannot address the need;
 - forge new relationships;
 - find new ways to share risk.
8. Partnerships fall into core categories i.e. statutory based, strategic, commissioning, and ad-hoc.
9. The PCC's Commissioning and Grants Strategy sets out the guiding principles to be taken into account in partnership activity.
10. **Statutory based partnerships** - These are partnerships that are governed by statute. They include, for example, Community Safety Partnerships (CSPs).
11. **Strategic partnerships** - These are partnerships set up to deliver core policing objectives. They can either be Constabulary-wide or local.
12. **Commissioning** - These involve the provision of funds by the PCC against defined outcomes to support the objectives of the Police and Crime Plan including: enhance community safety; provide victims services; reduce re-offending; address mental health issues; fund intervention and prevention work agreed from time to time with

various crime prevention activities, community groups, charities, volunteer groups, and private sector providers.

Responsibilities of the PCC

13. To have regard to relevant priorities of local partners when considering and setting the Police and Crime Plan and the annual delivery plan.
14. To make appropriate arrangements to commission services from either the Constabulary or external providers. This will be done in accordance with the Commissioning and Grants Strategy and must be aligned to delivery of the Police and Crime Plan.
15. To ensure value for money from commissioning services with taxpayers' money and to have in place a robust process and team to assess need, prioritise funding, and agree and measure outcomes.
16. To make grants to local service providers that support the delivery of the outcomes set out in the Police and Crime Plan, including commissioning support services for victims, improving community safety, and tackling offending.

Responsibilities of Chief Officers

17. To consult, as early as possible, with the OCC CFO and the OPCC CFO to ensure the correct treatment of taxation and other accounting arrangements.
18. To direct all commissioning activity to the OPCC in accordance with the PCC's Commissioning and Grants Strategy to enable a single joined up and holistic approach and process of control for considering projects or activities to be funded to third party providers of services. Such third party services include, but are not limited to: community safety projects; victims services; drugs and alcohol testing and treatment; young offender services; community safety; early intervention; reducing offending and re-offending; tackling vulnerability and similar.
19. The Chief Constable and senior officers may suggest and promote commissioning projects to the PCC and should use the OPCC as the assessment and processing team to consider any suggested funding. The Chief Constable may not use any funds provided from the PCC or received in the course of delivering policing services or otherwise to commission third party community safety projects or victim services without the express prior written agreement of the PCC.
20. The Chief Constable and senior officers will help the PCC ensure that commissioning activity is centrally controlled from the OPCC.

CONSORTIUM ARRANGEMENTS

21. A consortium is a long-term joint working arrangement with other bodies, operating with a formal legal structure approved by the PCC.

Responsibilities of Chief Officers

22. To contact the OPCC Chief of Staff before entering into a formal consortium agreement, to establish the correct legal framework.
23. To consult, as early as possible, the OCC CFO and the OPCC CFO to ensure the correct treatment of taxation and other accounting arrangements.
24. To produce a business case to show the full economic benefits to be obtained from

participation in the consortium.

25. To produce an MOU setting out the appropriate governance arrangements for the project. This document should be signed by the OPCC Chief of Staff.

Responsibilities of the PCC

26. To approve the Constabulary and OPCC participation in the consortium arrangement.

REGIONAL WORKING

Joint responsibilities of the PCC and the CC

27. To approve Constabulary participation in Regional Working.

Joint responsibilities of the OPCC CFO and the OCC CFO

28. To monitor the financial contributions to/from regional partners to ensure that they are in accordance with agreed procedures.

COLLABORATION

29. Sections 22A to 23I of the Police Act 1996, gives chief constables and PCCs the legal power, and duty, to enter into collaboration agreements and sets out guidelines for this. Collaborations must be to improve the efficiency or effectiveness of one or more constabularies or PCCs. Any collaboration which relates to the functions of a constabulary must first be agreed with the Chief Constable of the Constabulary concerned.
30. The PCC shall hold the Chief Constable to account for any collaboration in which their Constabulary is involved. Any such proposal must be discussed with the OPCC CFO and OCC CFO in the first instance.

Section F – Contract Standing Orders

F1 – AVON AND SOMERSET CONTRACT STANDING ORDERS

1. The Constabulary are part of the South West Police Procurement Department (SWPPD) – a regional collaboration which delivers a strategic procurement service – which is in place to support police and OPCC procurement and commissioning activity.
2. All orders and contracts for works, goods, or services made by, or on behalf of, the PCC shall be made in accordance with these Contract Standing Orders (Standing Orders).
3. All contracts shall comply with statutory requirements including, but not limited to, UK legislation, Directives of the European Community, and relevant Government Guidance.

5. No exceptions shall be made to these Standing Orders otherwise than reasons stated below.
6. Every police officer and employee of the PCC and under the direction and control of the Chief Constable shall comply with these Standing Orders; any failure to do so may result in disciplinary action.
7. In every written contract a clause shall be inserted to the effect that the PCC shall be entitled to cancel the contract and to recover from the contractor the amount of any loss resulting from such cancellation, if the contractor shall have offered or has given or agreed to give, to any person, any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or for having done, or forborne to do, any action in relation to the obtaining or execution of the contract or any other contract with the PCC or showing or forbearing to show favour or disfavour to any person in relation to the contract or any other contract with the PCC, or if the like acts shall have been done by any employee of the contractor or person acting on the contractor's behalf (whether with or without the knowledge of the contractor), or if in relation to any contracts with the PCC the contractor or any employee of the contractor, or person acting on their behalf, shall have committed any offence under the Bribery Act 2010, or shall have given any fee or reward the receipt of which is an offence under Section 117 (2) Local Government Act 1972 as amended and the Bribery Act 2010.

COMPETITIVE PROCUREMENT

8. The involvement of SWPPD for works, goods, and services as identified in the table below is mandatory.
9. For works, goods, or services not available from an existing contract, the acceptance of quotations and bids will be based on the principle of best overall value for money, i.e. the most economically advantageous offer. Criteria for the award of contracts shall be recorded in advance of the invitation and strictly observed by officer's evaluating the bids. The criteria may include cost and qualitative elements and shall

- take into account whole life costs. The evaluation process must be objective, systematic, thorough, and fair.
10. The table below describes the procedure and authority levels dependent on the estimated value of the procurement.
 11. Estimated value is deemed to be the aggregate cost that is reasonably anticipated over the lifetime of the provision. If the lifetime is unknown, then the aggregate cost should be based on 48 months.

Procurement competition procedures and authority levels

Value	Procedure	Authority Level
< £10,000	Preferably three quotations shall be obtained (this may include from catalogues or price lists). The procurement procedure and outcome must be recorded and retained.	Purchase orders and contracts to be approved by police officers and employees with relevant authority in accordance with financial instructions.
£10,000 – £50,000	At least three formal written quotations or references to three supplier catalogues shall be obtained.	Purchase orders, requisitions, and contracts to be approved locally by police officers and employees with relevant authority in accordance with financial instructions.
> £50,000	All procurement to be managed by SWPPD, unless with the express approval of the OCC CFO or the OPCC CFO. At least three Tenders shall be obtained. Where the aggregated value of the contract is in excess of EU thresholds, tender procedures will be in accordance with EU Procurement Directives.	Managed by SWPPD. Contracts will be signed as follows:- Up to £500,000, by OCC CFO or Chief Constable or as otherwise agreed by the Chief Constable, OCC CFO, and SWPPD. Above £500,000, by PCC or PCC appointed OPCC Chief of Staff or OPCC CFO.

12. The Officer with delegated authority to authorise orders or contracts committing the expenditure does so on behalf of the PCC.

Exceptions to Normal Procedures/Single Tender Action (STA)

13. STA should only be used in very exceptional circumstances. The OCC CFO will consider requests for exceptions to normal procedures under the following circumstances;

- Where it can be evidenced that only one supplier is able to carry out the work or service or to supply goods for technical reasons or because of exclusive rights;
 - Extensions to existing contracts where there is a genuinely justifiable case to use an existing contractor/supplier to maintain continuity of supply or site experience;
 - The contract has been classified as Secret by the Chief Constable making the use of a particular contractor essential or a limited competition to a select list of contractors and the avoidance of advertising requirements in the public domain;
 - The contract is required so urgently that competition is impracticable. For example, a genuine unforeseeable operational need arises. However, failure to take action within appropriate timescales does not constitute grounds for an urgency exception.
14. Any STA up to £100,000 shall be authorised by the OCC CFO.
15. Any STA over £100,000 may be authorised by the OCC CFO in consultation with the OPCC CFO.
16. A register of circumstances when STA was used will be maintained by the OCC CFO.

Competitive procurement using tenders

 - Processes regarding variations to contract;
 - The process to be undertaken in relation to declarations of interest in a contract;

 - They shall be opened at one time by not less than two persons approved from time to time by the OCC CFO and the OPCC CFO;
 - The appropriate tender details shall be recorded and then signed by each member of the tender opening panel.

2. The OPCC CFO and the OCC CFO have responsibility under Section 114 of the Local Government Finance Act 1988 to make a report if it appears to either of them that any person holding any office or employee or member of any collaborative body on which the PCC or the Constabulary is represented:
 - has made, or is about to make, a decision which involved or would involve the PCC or the Chief Constable incurring expenditure which is unlawful;
 - has taken, or is about to take, a course of action which, if pursued to its conclusion, would be unlawful and likely to cause a loss or deficiency on the part of the PCC or the Chief Constable; and

3. It is also the duty of the OPCC Chief of Staff and Monitoring Officer to prepare a report for the PCC with respect to any proposal, decision, or mission by any person holding any office or employment which may contravene any enactment, rule of law, or code of practice, or any maladministration or injustice as defined. In doing so, it is the Monitoring Officer's duty, so far as is practicable, to consult with the OPCC CFO and the OCC CFO.
4. A copy of such a report shall be sent to the external auditor.
5. To provide for effective action to deal with any fraud and corruption and to assist the OPCC CFO and the OCC CFO in the performance of their duties to ensure the financial affairs of the Constabulary and the OPCC are properly conducted, the procedures in the Anti-Fraud and Corruption Strategy will be adhered to in the circumstances of any suspected or actual breach of financial regulations or standing orders.

Section I – Anti-Fraud and Corruption Strategy

Introduction

1. In administering its responsibilities in relation to fraud and corruption, whether it is attempted on the OPCC and/or the Constabulary or from within, the PCC and Chief Constable are committed to an effective Anti-Fraud and Corruption Strategy designed to:
 - Encourage prevention;
 - Promote detection; and
 - Identify a clear pathway for investigation.
2. The expectations regarding propriety and accountability is that the PCC, the Chief Constable, and staff at all levels will lead by example in ensuring adherence to rules, and that all procedures and practices are above reproach.
3. The PCC and the Chief Constable also demand that individuals and organisations that they come into contact with will act towards them with integrity and without thought or actions involving fraud or corruption.
4. This Anti-Fraud and Corruption Strategy is based on a series of comprehensive and inter-related procedures designed to frustrate any attempted fraudulent or corrupt act. These cover:-
 - Culture (Section 2);
 - Prevention (Section 3);
 - Detection and Investigation (Section 4); and
 - Training (Section 5)
5. The PCC and the Chief Constable are also aware of the high degree of external scrutiny of its affairs by a variety of bodies including:-
 - HMICFRS
 - Internal Audit
 - HM Customs and Excise
 - Inland Revenue
 - The General Public

Culture

6. The PCC and the Chief Constable are determined that the culture and tone of these organisations are ones of honesty and opposition to fraud and corruption.
7. There is an expectation and requirement that all individuals and organisations associated in whatever way with the Constabulary and the OPCC will act with integrity, and that the PCC, the Chief Constable, and staff at all levels will lead by example in these matters.
8. The PCC, the Chief Constable, and their staff are important in the stance on fraud and corruption, and they are positively encouraged to raise any concerns that they

may have on these issues where they are associated with the activities of the Constabulary and the OPCC. Concerns may be about something that;

- is unlawful;
 - is against the PCC's Standing Orders, Financial Regulations, or policies;
 - falls below established standards or practices;
 - results in waste or loss to the PCC;
 - amounts to improper conduct.
9. Staff can do this in the knowledge that such concerns will be treated in confidence, properly investigated, and without fear of reprisal and victimisation. If necessary, a route other than their normal line manager may be used to raise such issues.
 10. The Public Interest Disclosure Act 1988, protects employees, who report suspected fraud or corruption activities, from any reprisals as long as they meet the rules set out in the Act.
 11. In simple terms the rules for making a protected disclosure are:-
 - The information disclosed is made in good faith;
 - The person making the disclosure must believe it to be substantially true;
 - The person making the disclosure must not act maliciously or make false allegations;
 - The person making the allegation must not be seeking any personal gain.
 12. The designated officer required under the Act to receive disclosures is the OPCC CFO.
 13. Members of the public are also encouraged to report concerns through any of the above avenues.
 14. Allegations/concerns can be made anonymously. However, it should be noted that such cases can be more difficult to investigate. The likelihood of action will depend on:
 - The seriousness of issues raised;
 - Credibility of the concern;
 - Likelihood of confirming the allegation from attributable sources.
 15. Senior management are responsible for following up any allegation of fraud and corruption received and will do so by:
 - dealing promptly with the matter;
 - recording all evidence received;
 - ensuring that evidence is sound and adequately supported;
 - ensuring security of all evidence collected;
 - notifying the OPCC CFO, and implementing disciplinary procedures, where appropriate.
 16. The PCC and the Chief Constable can be expected to deal swiftly and thoroughly with any member of staff who attempts to defraud the Constabulary or the OPCC, or who are corrupt. The PCC and the Chief Constable should be considered as robust

in dealing with financial malpractice.

Prevention

17. The PCC and the Chief Constable recognise that a key preventative measure in the fight against fraud and corruption is to take effective steps at the recruitment stage to establish, as far as possible, the previous record of potential staff in terms of their propriety and integrity. Staff recruitment is therefore required to be in accordance with procedures laid down by the OPCC Chief of Staff and Chief Constable and, in particular, to obtain written references regarding known honesty and integrity of potential staff before employment offers are made.
18. All employees are expected to follow any Code of Conduct related to their personal professional qualifications and to abide by the published Rules of Conduct. This code, and the role that appropriate staff are expected to play in the Corporate Governance framework and systems of internal control, will be featured in staff induction procedures.
19. The PCC and DPCC are required to adhere to the Code of Conduct relating to the declarations of interests. Staff are also required to declare pecuniary interests.
20. The PCC, Chief Constable, and all staff are required to declare in a public register any offers of gifts or hospitality which are in any way related to the performance of their duties.
21. Significant emphasis has been placed on the thorough documentation of financial systems, and every effort is made to continually review and develop these systems in line with best practice to ensure efficient and effective internal controls. The adequacy and appropriateness of the Constabulary and the OPCC's financial systems is independently monitored by both Internal Audit and External Audit. Senior management place great weight on being responsive to audit recommendations.
22. The Joint Audit Committee provides an independent and objective view of internal control by receiving and considering audit plans, reports, and management letters and reports as appropriate to the PCC.
23. As part of the prevention approach the PCC and the Chief Constable will participate in National Fraud Initiatives. External Audit will also assist in prevention, with the issue of warning bulletins and outcomes from surveys and similar findings.

Detection and Investigation

24. The array of preventative systems, particularly internal control systems within the Constabulary and the OPCC, has been designed to provide indicators of any fraudulent activity, although generally they should be sufficient in themselves to deter fraud.
25. It is often the alertness of staff and the public to such indicators that enables detection to occur, and the appropriate action to take place, when there is evidence that fraud or corruption may be in progress.
26. Despite the best efforts of financial managers and auditors, many frauds are discovered by chance or 'tip off', and arrangements are in place to enable such information to be properly dealt with.
27. Depending on the nature and anticipated extent of the allegations, the Internal Audit will normally work closely with management and other agencies, such as the police,

to ensure that all allegations and evidence is properly investigated and reported upon.

28. The Constabulary and the OPCC's Disciplinary Procedures will be used where the outcome of the Audit Investigation indicates improper behaviour.
29. The PCC and the Chief Constable will normally wish the police to prepare a case for the CPS regarding the prosecution of offenders where financial impropriety is discovered.

Training

30. The PCC and the Chief Constable recognise that the continuing success of its Anti-Fraud and Corruption Strategy and its general credibility will largely depend on the effectiveness of programmed training and responsiveness of staff throughout the organisation.
31. To facilitate this, the PCC and the Chief Constable support the concept of induction and training, particularly for staff involved in internal control systems, to ensure that their responsibilities and duties in this respect are regularly highlighted and reinforced.
32. The possibility of disciplinary action against staff who ignore such training and guidance is clear.

Conclusion

33. The PCC and the Chief Constable have in place clear networks of systems and procedures to assist them in the fight against fraud and corruption. It is determined that these arrangements will keep pace with any future developments in both preventative and detection techniques regarding fraudulent or corrupt activity that may affect their operation.
34. To this end, a continuous overview of such arrangements, in particular, by the OPCC CFO, through internal audit, external Audit, the work of the JAC, and in the Constabulary via the Finance Unit and Professional Standards.

Fraud response plan

35. All instances of fraud and corruption will be investigated in accordance with this plan.
36. Fraud and corruption may be reported through a range of channels – including direct to a line manager, to the Professional Standards Department, the PCC, or the IOPC – in accordance with whistleblowing policies and by means of external reports. The means of reporting fraud will be publicised within the Constabulary and the OPCC and will be made known to partners and those individuals and organisations that we come into contact with.
37. The arrangements for detection and investigation are set out in the Anti-Fraud and Corruption Strategy. The JAC and the OPCC CFO, working with the OCC CFO, the auditors, and the Head of Professional Standards will fully investigate loss and potential fraud.
38. The protocol requires the Professional Standards Department to liaise with the Head of Audit, after the matter has been investigated. This will enable the Head of Audit to identify any weaknesses in internal control that allowed the irregularity to occur

- and to ensure that corrective action is taken in order to minimise the risk of any reoccurrence within the Constabulary or the OPCC. Issues considered will be reported to the Confidence and Legitimacy Committee.
39. Disciplinary procedures are likely to be invoked where the outcome of any investigation indicates misconduct. Proven cases of gross misconduct may result in dismissal of the employee. Misconduct includes fraud committed by a member of staff against the organisation.
 40. Where financial impropriety is discovered, the presumption of the PCC and the Chief Constable is that these arrangements will be made, where appropriate, for the prosecution of offenders by the CPS.
 41. In instances where the misconduct takes another form, such as the misuse of systems and equipment that does not result in financial loss, then the outcomes will be monitored by the PCC and the Chief Constable through the processes in place to oversee professional standards issues.
 42. The PCC and the Chief Constable will seek to ensure that it learns lessons from any mistakes made that allowed any instances of fraud or corruptions to be perpetrated or to have gone unnoticed. This will be achieved by ensuring that system weaknesses or other contributory factors are identified and addressed. This will normally be achieved through an Internal Audit investigation, report, and action plan to ensure that audit recommendations are implemented.
 43. The External Auditor also has the powers to investigate fraud and corruption independently and the PCC and the Chief Constable will make use of these services in appropriate cases.
 44. The OPCC CFO and the OCC CFO will determine if a matter needs to be brought to the attention of the OPCC Chief of Staff, PCC, and the Chief Constable.
 45. In the event that the PCC or the Chief Constable is involved, the matter will be brought to the attention of the Monitoring Officer, Police and Crime Panel, and the Independent Office for Police Conduct.
 46. The OPCC CFO and the OCC CFO will maintain a link with the External Auditor in order to keep them apprised of developments in serious cases.
