Business Case: Capital Funding for Replacement ANPR Cameras in Bristol.

ANPR camera images were previously shared with the Avon and Somerset Constabulary via an Information Sharing Agreement with Bristol City Council. These cameras that were originally positioned for traffic monitoring and not policing purposes have become old and are no longer fit for purpose in that they fail to provide images of suitable quality. Bristol City Council have decided to use alternative data to monitor traffic flows and no longer require ANPR cameras. The most effective and efficient solution is to replace the old cameras with new digital police owned cameras positioned for policing purposes.
